

Hi, my name is Camilla. Nice to meet you. Are you new at Camellia, or thinking of enrolling in Camellia? Let me tell you a little about Camellia, and how you can set yourself up for success! Learning Japanese is a long-term commitment. Yes, you can learn short term for planned trips as well. It is important to have a plan for yourself, and visualize your progress. Below is a simple goals sheet that might help you out with progress 😊

steps	Goal	Steps to reach that goal	Duration	outcome
I am just beginning. What is hiragana, and katakana?				
I am starting to put sentences together!				
I am understanding the different word functions				
I am becoming versatile in my expressions				
I am feeling confident in conversing in simple Japanese				

Learning Japanese can change your outlook in people and culture. Students have each of their niche. Whether it is anime, food, music, or heritage. There is no aspirations that is wrong. Set your intensions, and have fun while elevating your understanding of another world!
